Dear Stephanie

I had accepted the invitation as associate editor.  
Can you kindly check on your end?

Thank you very much once again.

Regards  
Maurice

Dear Maurice,

Thank you for your patience, I have spoken with the Chief Editor and given your experience and area of expertise. He would like me to extend the invitation for you to join the editorial board as an Associate Editor.

I will be sending over an invitation shortly. If you do have any questions, please don't hesitate to get back in touch.

Best wishes,

Dear Stephanie

Yes, of course. My CV is attached.

Awaiting for your good news as I am one of the two topic editors for Current State of Multi-omics Modeling and Simulations (<https://www.frontiersin.org/research-topics/30282/current-state-of-multi-omics-modeling-and-simulations>).

Dear Maurice,

Would it be possible to receive your CV? I will forward this to our Chief Editor, once we receive approval, I will then send out a formal invitation.

Dear Stephanie

Sure, I will be glad to be a Review Editor for the Computational Genomics section. Please let me know what is required.

Dear Maurice,

My name is Stephanie and I will be replying on behalf of Dario as he has been recently promoted within Frontiers.

We currently aren't onboarding new Associate Editors for our Computational Genomics section - would you be interested in becoming a Review Editor for the section? This would allow you to gain additional editorial board experience and once we are onboarding additional Associate Editors, editorial board promotions are typically the way we do so.

Best wishes,

Hi Danio

In preparation to explain my role in Frontiers in Genetics, can you educate me on the levels of editor roles and what it means?

Currently, I believe I am assigned as "topic editor", so I believe that the next level is associate editor of Computational Genomics section in Frontiers in Genetics. Please correct me if I am wrong.

I am not jumping the gun but I do like to know what it takes for me to be associate editor of Computational Genomics section in Frontiers in Genetics.

Looking forward to hearing from you.

Regards  
Maurice
